ART OF UNITY

ERASMUS+ YOUTH EXCHANGE

MVidee

PROJECT DETAILS

1ST - 10TH OF NOVEMBER, 2025

KOBULETI, GEORGIA

TARGET GROUP:

- 36 participants: 5 young people from the Netherlands, Georgia and Italy; 8 young people from Armenia and Greece; 1 team leader per participating country.
- Age: 30 participants 18-30 years old and one team leader per group without age limit;
- The youth exchange project “Art of Unity” team will include 36 participants from Netherlands, Georgia, Armenia, Greece and Italy.

ABOUT THE PROJECT

What we would like to achieve by implementing the project

The "Art of Unity" aims to empower young people by developing their ability to understand cultural differences and address the challenges of stereotypes, prejudice and social division. The project's goal is to foster tolerance, empathy and a deep understanding of cultural diversity, encouraging participants to become ambassadors of positive change within their communities.

Through interactive discussions, joint activities and artistic expression, youth from different countries will share experiences, ideas and perspectives, promoting mutual respect and breaking down stereotypes. The project will provide participants with tools to challenge misunderstandings about other cultures, which often limit collaboration and contribute to discrimination.

The project aims to build bridges between diverse groups, equip youth with the skills to navigate cultural differences and contribute to a more peaceful, understanding and inclusive world.

ABOUT THE PROJECT

What are the objectives of the project?

- Promote tolerance and cultural understanding: Through artistic expression and interactive workshops, this project aims to create a safe space where youth can explore and appreciate cultural diversity.
- Break down stereotypes and prejudices: The project will provide tools and experiences that challenge negative stereotypes and foster empathy.
- Foster creative expression and collaboration: by using art as a medium, this project will enable youth to creatively express their ideas about tolerance, acceptance and unity.
- Encourage active citizenship and social inclusion: this project will inspire youth to become ambassadors of tolerance in their own communities. It will empower participants to take action and contribute to a more tolerant society.
- Enhance intercultural dialogue and lifelong learning: by involving participants from different countries and backgrounds, this project will encourage meaningful conversations about cultural norms, beliefs and values. This will foster a culture of continuous learning and growth, with participants bringing these lessons back to their local communities.
- Promote Erasmus+ opportunities: encouraging more youth to participate in these life changing experiences.

ECO-FRIENDLY APPROACH

At our youth exchange, we believe that small actions can make a big impact! We've added some fun and eco-friendly activities to help take care of our planet.

Mug Exchange Evening – Sip, Share & Celebrate!

On our first evening together, we'll kick things off with a Mug Exchange Evening! Bring a mug from home—one that has a special story or represents your culture. This mug will be your buddy for drinks, helping us cut down on disposable cups. During the exchange, you'll swap mugs and share the story behind yours. It's a simple, fun way to reduce waste while making meaningful connections.

Green Travel Recommendations – Travel Smart, Travel Green!

We encourage you to choose eco-friendly travel options whenever possible—take a train, bus, or carpool with fellow participants. If flying is your only option, consider supporting "One Flight – One Tree," a program that helps offset carbon emissions by planting trees.

Every small step counts when it comes to protecting our planet. Let's set an example and show how little changes can lead to a big impact!

IMPORTANT!

DISSEMINATION

As a participant in this project, your role doesn't end when the exchange is over! An important part of your journey is the dissemination phase, where you will share what you've learned on social networks and with your local community.

Social Media: At the end of our project, we encourage you to share your personal impressions on social media. This could be through posts, storytelling, or creative content that reflects how the project has impacted you. By using social media, you can reach even more people, engage in meaningful discussions, and contribute to spreading the project's message on a wider scale.

Local Activity: After the project, each participant is expected to organize a local activity—this could be a workshop, a presentation, a social media campaign, or any other creative way to spread the project's results. The goal is to inspire others, raise awareness, and create a lasting impact beyond our time together. Let's keep the impact growing!
